About Me

Hannah Lamprell

A little about me... I have three children, one is still cooking at the time of writing this! I live in Tenterden, Kent with my husband, children and two naughty dogs. I used to be an ECC Veterinary nurse up in London before the kids arrived.

I am definitely a people watcher. The little looks, the body language, the happiness. Capturing this and showing you these connections is incredibly fulfilling.

Photography is just another medium I have stumbled across along the way. I used to paint a lot, ceramics too. I am a calm, quiet creative!

My Style...

It is a mixture of lifestyle and documentary. Which purely means minimal posing, true to life, as it happens moments captured. I do guide and prompt for family sessions as needed. But I try to encourage natural interaction. I LOVE colour, movement and CONNECTION.

CAPTURING A MOMENT IN TIME AND BOTTLING IT FOR YOU TO RE-LIVE TIME AND
TIME AGAIN

Wedding Photography & Film

My ideal couple...

As my work is my art, less of a commercial venture, I am quite fussy about who's wedding I will document. People think I am joking when I say I turn down more wedding's than I take on! But it is so important for me as a creative, and you as a couple to have the RIGHT photographer.

One of the first questions I will ask you is how you found me. Recommendations from other clients is lovely to hear as I know you have seen my work and had a first hand report from someone who has experienced it. I am looking for couples who want their days documented in a way they can look back and remember, discovering passed moments. There is a lot you will miss in the whirlwind that is your wedding day. I capture each carefully curated detail, as well as the bigger moments.

I am NOT going to interrupt your celebrations. I will be dotting around barely noticed. I will ensure those special family photos are captured but I am going to take twenty minutes not two hours. The real imagery is the ones that are happening around you.

If you want to know more, lets go for coffee and I can show you more!

Your Wedding Day...

Eeeek the day has arrived!!

I will be with you at our agreed time and location (we will have met a few weeks before hand to go through all the details).

I will be dotting around getting all the detail shots and tracing your steps through your day, making sure I don't miss a moment!

I will be with you until 8.30pm, or as long as we have arranged and I will always come and say goodbye and check you are happy for me to finish (I can always stay an extra hour or two!)

Family Storytelling...

Am I right for you?

My family shoots are all about adventure and discovery, working with your children at their pace. No awkward posing. Just real family fun!

It can take five minutes or it can take twenty five minutes for your child(ren) to settle in to the session. I am not going to rush this. We will walk to the area with the right light (this changes through out the day) and then I will gradually ease you in to the session. I have so many tricks up my sleeve to get the results I need so the best advice I can give is RELAX, and let it all happen in it's own time. Play with your children and treat me like a friend and you will all soon forget you are having a photo shoot. You are creating memories.

It is a style and a way of shooting on I have build and developed over the last 7 years.

I am so passionate about documenting your family in this way.

THE TIME IS NOW. DO NOT DELAY BOOKING. THERE WILL NEVER BE A 'RIGHT' TIME.

After...

After your session or wedding I will be in touch to go through the next steps. I try and have your gallery/film with you asap and usually within two weeks (but this can be longer in busy periods) I will always keep you informed and up to date.

When your gallery is ready you will get a link to your very own online gallery! It is a password protected gallery where you can view, share, shop and download your images. You are welcome to share the link with your loved ones so they can order their own prints through your gallery, download their favourites or just view your session images and film.

You may have chosen a package with prints or products included, which will be delivered to your door, beautifully packaged with the help of my sister business Little Local Boxy. I will likely throw a few treats in there too!

It is all about the experience as a whole. I want to create an amazing memory for you with no tarnish. So you will be spoilt from beginning to end!

What to wear...

Here is my recommendation

- Can you move in it comfortably? We will be crossing small streams, lying on the ground, standing on fences, running, jumping, dancing. You ALL need to be comfortable and unrestricted

- Is it you? If you feel like a million dollars you will look a million dollars. Your outfit must make you happy.

- COLOUR. Be bold. Clash, stand out, pop your colours. Avoid luminous colours as these give bad skin tones.

- Avoid stripes, formal clothing, branded clothing with large logos, distracting patterns.

- SUITABLE FOR THE LOCATION? Pebbles on the beach? The kids need good footwear and warm clothing. Wellies for the woods. This is not a crease free look we are going for. You will get muddy, wet, creased on this shoot! If the kids get cold and miserable it is game over. So please dress them appropriately.

You are welcome to message me for help choosing! I have lots of recommendations.

Weather...

I will shoot in all weather (to a point!)

A light drizzle brings with it a beautiful soft light...

Wind adds magic

Very hot days we will shoot in the morning or evening avoiding midday sun.

Please come dressed and prepared for the weather. Embra e it and you will not regret it!
